SILENT AUCTION

see Auction.

Rather than a verbal auction, this one will be done quietly. There should be a pen and paper where bidders can jot down their bids. Set a time for closing of all bids. Collect all funds at that time.

SWEAR JAR

You need only one person to organize this event! Ask your local school principal if you may send a notice to families using the Friday notices which usually go home in elementary and middle school backpacks! If permission is granted, then create an ad/flyer which enunciates who, what, when, where and why for this activity. Who: the family receiving the flyer. What: Every time someone utters a swear, they have to put \$1 in the Swear Jar. When: one week to one month with a date set for the collection of the monies. Where: At home, in the car..... Why: To raise funds for a particular cause, program, group or activity.
